OsirisCare Pricing Overview

HIPAA Compliance Automation for Healthcare SMBs

Save up to 80% vs. Traditional MSP + Compliance

OsirisCare combines automated compliance monitoring, self-healing infrastructure, and audit-ready evidence generation in a single appliance. Replace expensive MSP labor and compliance consulting with intelligent automation.

Per-Appliance Pricing

Each site/domain requires one OsirisCare appliance. Choose the tier that matches your endpoint count.

Clinic

Executive compliance dashboard

Alternative: Per-Endpoint Pricing

For organizations that prefer usage-based billing: **$20/endpoint/month**

Endpoints	Monthly Cost	Annual Cost
25 endpoints	$500/mo	$6,000/yr
50 endpoints	$1,000/mo	$12,000/yr
100 endpoints	$2,000/mo	$24,000/yr
200 endpoints	$4,000/mo	$48,000/yr

Value Comparison

What you'd pay for equivalent services from traditional providers:

Service	Traditional Cost (per site)
MSP Monitoring Labor (15-20 hrs @ $150/hr)	$2,500/mo
HIPAA Compliance Consulting (amortized)	$500/mo
Incident Response & Remediation	$1,000/mo
Audit Preparation & Evidence (amortized)	$400/mo
Total Traditional Cost	**$4,400/mo**
OsirisCare (Practice Tier)	**$800/mo**
Your Savings	**$3,600/mo (82%)**

What's Included

Compliance Automation

- Continuous HIPAA control monitoring (164 controls)
- Automated evidence collection and timestamping
- Audit-ready compliance packets
- Policy drift detection and alerting
- Compliance score dashboards

Self-Healing Infrastructure

- L1 Deterministic healing (70-80% of issues, <100ms)
- L2 LLM-assisted remediation (15-20% of issues)
- L3 Human escalation with context (5-10%)
- Automatic runbook execution

- Change documentation and audit trail

Network Intelligence

- Automatic device discovery
- Medical device detection and protection
- Port and service monitoring
- Rogue device alerting
- Network topology mapping

Deployment Model

Each OsirisCare appliance is deployed on-premises at the client site:

- **Hardware:** Small form-factor NixOS appliance (included in monthly fee or BYOD)
- **Network:** Requires local network access for scanning and remediation
- **Connectivity:** Phones home to Central Command for fleet management
- **Updates:** Automatic OTA updates with A/B rollback

For MSP Partners

White-label OsirisCare for your healthcare clients:

- 40% revenue share on all managed appliances
- Partner portal for fleet management
- Co-branded compliance reports
- Provision codes for easy onboarding
- Dedicated partner support
